

BABY'S EYESIGHT WAS THREATENED

Terrible Eczema—Head Became
Covered with Itching Rash and Sores
and Scratch Till Blood Came
—Much Money Wasted in Fruitless
Treatments—Disease Was Soon

CURED AT SLIGHT COST BY CUTICURA REMEDIES

"Our little girl was two months old when she got a rash on her face and within five days her face and head were all one sore. We used different remedies but it got worse instead of better and we thought she would turn blind and that her ears would fall off. She suffered terribly, and would scratch until the blood came. At night we had to pin her hands down. This went on until she was five months old, then I had her under our family doctor's care, but she continued to grow worse. He said it was eczema. When she was seven months old I started to use Cuticura Soap, Cuticura Ointment, and Cuticura Resolvent, and in three weeks—what a change! I kept using the Cuticura Remedies for two months and my baby was a different girl. You could not see a sign of a sore and she was as fair as a new-born baby, and all for the small cost of a dollar and seventy-five cents where we had spent ten times the money for doctoring. She is now two years old and has not had a sign of the eczema since. Mrs. H. F. Budke, R. F. D. 4, LeSueur, Minn., Apr. 15 and May 2, 1907."

SLEEP KILLED

By an Itching Humor. Another
Cure by Cuticura Remedies.

"I broke out with a humor which spread almost all over my body. The itching would get worse on retiring, so I could not sleep. I tried several remedies but it grew worse until I got some Cuticura Soap and Cuticura Pills which began to relieve me at once. By the time I had used one vial of the Pills, the humor was entirely gone. I wish every sufferer could secure the Cuticura Remedies. Travis Bates, Hamburg, Ark., April 26, 1907."

Complete External and Internal Treatment for Every Humor of Infants, Children, and Adults consists of Cuticura Soap (25c) to Cleanse the Skin, Cuticura Ointment (50c) to Heal the Skin, and Cuticura Resolvent (50c) to Purify the Blood. Sold throughout the world. Foster Drug & Chem. Corp., Sole Props., Boston, Mass.

Cousin Jane's Observations.

It is hoped the Woman's Suffrage will not extend itself down this way until spring-cleaning is over. We are not yet ready for the cartoonist. The ballot, would indeed present a tragic aspect should women buy votes and sell them as many men have done. Renovate your politics and enforce the laws that are on the statute books, while the women help swell the prayer meetings.

Kentucky needs a good spring-cleaning and it is time for us to get out our Bibles and go to work.

Uncle Sam has been viewing us over his spectacles and if the night equestrians and others, too, who have helped to advertise the State in an unlovely way, do not turn over a new leaf, we are apt to step to martial music.

The old flag can't wave over the people who are engaged in all sorts of strife, envy and lawlessness. These are a dishonor to our State and to America. England may now smile at American Independence and our failing in self-government, though it has not always been thus. Satan, it would seem, is endeavoring to gain ascendancy, but the victorious Christ will yet reign supreme!

It is our Governor's right to adjust the affairs of the State, and to look after the interests of others and not the business of a band of semi-christian individuals to go over the country committing unkind and unlawful acts, thereby injuring the association and hurting the State.

Don't let it be said of this noble state that it is the home of murder and outrage, that it is necessary to arm one's self before entering this

portion of the state. If you have no respect for the name of Kentucky—pray spare the women. We feel a pride for our native land.

If the laboring people of today could exchange places with the "moneyed men of affairs" they would still be dissatisfied, and if the rich man had the poor man's privileges he would be happier. The clothes do not fit either way, so it is best to read the Bible and make the bright side of life grow still brighter, and you will realize that there is some one in the world besides yourself.

Sons of toil faint not, work on, Thy reward will surely come!

Dost doubt God's precious promises?

His words of praise "well done?"

Each day holds joy and hope for thee

And peace beyond compare,

If thou wilt but thine all entrust To his tender loving care!

We will hail the day when labor and capitalist, farmer and buyer can shake the hand of Christian fellowship working together for the good of our country and not for selfish aims. Then will the "old flag" wave proudly out into the breeze as it never waved before, while Uncle Sam will smiling stand upon the mountain top!

It is consoling to think that in days to come, when the episode of the black patch will form a dark blot upon our state history, no woman's name will find a place therein.

Ugly deeds are unbecoming in a Christian land and should find no deep seated growth with this fair soil.

The time will no doubt come when we will be ashamed of those jugs and the "old colonels" will bury them in the fence corner for the pennyroyal to grow over before Mrs. Carrie Nation comes again.

On this historic ground,

The pungent mint doth grow,

Twas ever labeled "the colonel's own."

But away "those jugs" may go!

Cousin Jane.

WILL MOVE FACTORY.

American to Change From
Clarksville to Nashville.

Clarksville, Tenn., March 23.—The management of the Meriwether branch of the American Tobacco Company, situated in this city, announces that the local plant will be closed down on April 1 and a factory opened in Nashville. This concern manufactures twist tobacco and employs about 150 people with a pay roll of about \$1,000 a week.

Until four years ago it was operated as an independent plant, when it was purchased by the Continental Tobacco Company, which consolidated with the American Tobacco Company. No reason is given for closing the plant.

Henry M. Aulick, the largest tobacco grower in Campbell county, received the following notice through the mail: Don't you raise any tobacco this year. Night Riders."

A card, containing the same matter in large print, was posted on each of his three barns. A mound, the usual length of a grave, was raised in the yard near the residence and a note placed on the mound. This is the first threat made against Campbell county growers.

7TH DEATH IN A YEAR.

Bore The Same Name as
Wm. J. Bryan, the Demo-
cratic Leader.

Washington, March 22.—United States Senator William James Bryan, of Florida, died at the Providence Hospital at 8:30 o'clock this morning of typhoid fever. It was only seventy-three days since he took his seat as the successor of the late Senator Stephen R. Mallory, who died December 23, and thirty-three days of that time was spent in his fight against disease. Several times during Mr. Bryan's illness his friends despaired of his recovery, but as late as last night the report was given out that his condition had taken a turn for the better. His death today, therefore, came as a surprise and a distinct shock.

In Mr. Bryan, the Senate loses the seventh member by death since the adjournment of the Fifty-ninth Congress on March 4th, a year ago. They were the two late Senators from Alabama, Mr. Morgan and Mr. Pettus; Mr. Mallory, of Florida; Mr. Latimer, of South Carolina; Mr. Proctor, of Vermont; Mr. Whyte, of Maryland, and Mr. Bryan. Curiously the last two were the oldest and the youngest members of the body. Mr. Whyte was 84 years old and Mr. Bryan less than 32.

A museum.

Galvani, the hypnotist and mind reader, will be at Holland's Opera House March 25 and 26. His performances are said to be the most wonderful ever seen. Concerning his recent appearance in Parkersburg, W. Va., the Dispatch says: "Galvani, the hypnotist, who is filling an engagement at the auditorium, is a wonder; he had a large audience last night deeply mystified, and very much interested. He had the house fairly screaming with laughter. The audience Galvani is attracting is not only large, but fine in quality, numbering the most prominent people of this city. He is pronounced by every one as the best entertainer of the kind that has ever filled an engagement in this city."

T. W. Luttrell, a farmer of McCracken county, received a night-rider warning significantly wrapped around a match because he, as a member of the County Board Tax-book Supervisors, raised the total assessment of that district \$103 last month.

A thief broke open Kirkpatrick & Postel's saloon on Sixth street at an early hour Sunday morning. Entrance was effected by prizing open the front door. Several bottles of whisky are missing. Move For Martial Law.

Lexington, March 23.—Petitions will be prepared here today calling on Gov. Willson to declare martial law in at least a part of the lawless tobacco regions and to request the President to send United States troops to put an end to night riding.

The murder in Nicholas county is the cause of the action. Gov. Willson, who is in Louisville, said last night that only the legislature could declare martial law, and that he did not believe such action would be necessary.

ASSOCIATION BED

First One to Get the Hoe this
Season.

The first instance of plant bed destruction this season in Christian county is reported from Honey Grove neighborhood. Thursday night a plant bed belonging to J. B. Carpenter and his cropper, G. H. Faughn, was dug up with hoes after the bed was ruined. The night riders fired several volleys in the air.

Judging from the tracks they left there were about eight or ten men in the party. Mr. Faughn has been a member of the association for some time, and Mr. Carpenter had signed an agreement to join as soon as the books are open. Neither of them has any idea as to the motive behind the deed.

In Calloway county night riders are regulating the morals of the community, since practically every independent farmer in the county has signed an agreement to join the tobacco pool as soon as the books are opened. A magistrate in the northern part of the county was warned to stop drinking by a party who called him out last week, and he promised to abstain. A farmer who visits Paducah frequently was admonished to cease carrying jugs into Calloway. Bob Ford, of Murray, the negro who caused an outbreak of night rider indignation by purchasing a home in the best white section, has moved back into the negro quarters and quiet is restored.
